Publishing and distribution in the digital world

Worldwide clients

About Us

DIGITALIA is a Spanish-American company comprised of qualified professionals in the fields of publishing and distribution in the digital world: publishers, librarians and technology experts are on our staff.

Founded in 2007, **DIGITALIA** is dedicated to content management, digital distribution and tools for the development of IT.

We offer a wide range of digital products for public and academic libraries. Some of them have been pioneers in their field.

Building on the cumulative experience of our founders and our management team, **DIGITALIA** has become a significant database to cover a wide range of interests and needs.

Our Products

Our e-books and e-journal databases are classified in different languages, like **Digitalia Hispánica**, **Digitalia Catalan**, **Digitalia Portuguese** or **Digitalia Française**.

Digitalia Film Library offers quality documentaries and films in different european languages.

Digitalia Public Libraries offer e-books and multimedia content, like language courses, children books, art and music encyclopedias.

Our goal

"To be a global leader providing Spanish academic titles, bringing to Libraries, academics and students qualitative content driven by information technology and the best practices in content management."

DIGITALIA has important clients in the USA, Europe and Latinamerica. Here are some of them:
